### **7.1.1 GENDER AUDIT**

#### **Objective of Gender Audit**

- To examine the gender discrepancies at the College level.
- To achieve a good gender balance in decision-making process across all aspects of college life.
- To promote gender equity within the campus.
- To examine gender-based issues that affect administrative staff, students, and Faculty.
- To study and determine the places and variables of gender discrimination.

#### **Gender Audit Concept and Methodology**

A gender audit is a technique for assessing and checking the formalization of gender equity state-of-art in organizations including programs, facilities, processes, analysed and the main gender biases are identified. The fundamental assumption of gender auditing at an educational institution is that decision making structures, organizational culture and processes as well as to gather staff's perceptions, understanding and behaviors affects female and male students differently.

Every year the institution performs a gender audit to raise awareness of the need to respect each gender and problem-solving to find solutions for making female students feel more secure on campus. Girls and women must have access to a different variety of activities and programs that suit their needs and life experiences in order to achieve gender equity. The college consistently places an emphasis on students total personality development and quality achievement.

The College has constituted the Gender Sensitization Cell and has been instructed to spread the awareness of Gender Equity in the college.

#### **The objective of Gender Sensitization Cell**

1. To achieve sustainable and peaceful development of all students.
2. Identify the difficulty in gender equity and address the faculty, staff members, and students on gender issues.
3. To generate awareness about gender issues and equity social systems.
4. Guide to integrate all the genders in all activities of the institution.
5. To create positive values among staff members as well as male and female students.

**Date:** 23/07/2023

**Attendees:** 46

**Name of Speaker:** Ms. Aarti Shitole

**Designation:** Trainer

**Topic of Session:** Pre and Post Menopause issues with PCOS, PCOD, Thyroid, Fibroid and irregular periods

**Organization:** Unimax India

**POs attained from the session:** PO2, PO5, PO6, PO8, PO9, PO11

Pre and post-menopause issues can be significantly affected by conditions like PCOS (Polycystic Ovary Syndrome), PCOD (Polycystic Ovarian Disease), thyroid disorders, fibroids, and irregular periods. As women are taking this issue lightly so the problems related to reproductive system and metabolism has been increased now-a-days. In pre-menopause, women with PCOS or PCOD often experience irregular periods, hormonal imbalances, and fertility challenges, which can also exacerbate symptoms like weight gain, acne, and excessive hair growth. Thyroid imbalances, whether hypothyroidism or hyperthyroidism, further complicate menstrual irregularities, causing fatigue, mood swings, and weight changes. Fibroids, non-cancerous growths in the uterus, may lead to heavy bleeding, pelvic pain, and discomfort. As women approach post-menopause, these conditions can influence the severity and duration of menopause symptoms such as hot flashes and mood disturbances. Managing these conditions requires a holistic approach, Ms. Ararti Shitole addressed issues with including medical treatments and lifestyle adjustments to ensure a better quality of life through these transitional phases. The session was very informative and interactive.

Session delivered by Ms. Aarti Shitole on Pre and Post Menopause issues with PCOS, PCOD, Thyroid, Fibroid and irregular periods on date 23/07/2023
