Report on Celebration of International Women's Day

Name of the activity: International Women's Day

Venue: Dr. D. Y. Patil College of Pharmacy Akurdi, Pune

Date: 08/03/2024

Faculty: 34

Brief Report:

8th March, considered as International Women's Day. This day brings many things for women – a cause for celebration, a reason to pause and re-evaluate a remembrance, an inspiration and a time to honor, loved and admired. Dr. D. Y. Patil College of Pharmacy Akurdi has Celebration the International Women's Day on 8th March, 2024 in the Boardroom of DYPCOP. Principal Sir addressed that there should be a balance between career and family and without a family support a women can't achieve success, also addressed that girls should know their right to defend themselves and be careful against crimes against women and aware about gender equity.

Po's attended: PO2, PO3, PO5, PO6, PO8, PO10, PO11.

Report on Celebration of International Men's Day

Name of the activity: International Men's Day

Venue: Dr. D. Y. Patil College of Pharmacy Akurdi, Pune

Date: 19/11/2023

Faculty: 15

Brief Report:

International Men's Day (IMD) is Celebration annually on November 19 to recognise and celebrate the cultural, political, and socioeconomic achievements of men. The objectives of celebrating an International Men's Day are set out in 'All The Six Pillars of International Men's Day'.

International Men's Day celebrates worldwide for the gender equity and positive value men bring to the world, their families and communities.

Female faculty members of DYPCOP Celebration it by presenting plants to male faculty members which is considered as a good luck charm.

Po's attended: PO2, PO3, PO5, PO6, PO8, PO10, PO11.

Notice Regarding Session on Pre and Post Menopause issues with PCOS, PCOD, Thyroid, Fibroid and irregular periods

Report on Pre and Post Menopause issues with PCOS, PCOD, Thyroid, Fibroid and irregular periods

Date: 23/07/2023

Attendees: 24

Name of Speaker: Ms. Aarti Shitole

Designation: Trainer

Topic of Session: Pre and Post Menopause issues with PCOS, PCOD, Thyroid, Fibroid and irregular periods

Organization: Unimax India

POs attained from the session: PO2, PO5, PO6, PO8, PO9, PO11

Pre and post-menopause issues can be significantly affected by conditions like PCOS (Polycystic Ovary Syndrome), PCOD (Polycystic Ovarian Disease), thyroid disorders, fibroids, and irregular periods. As women are taking this issue lightly so the problems related to reproductive system and metabolism has been increased now-a-days. In pre-menopause, women with PCOS or PCOD often experience irregular periods, hormonal imbalances, and fertility challenges, which can also exacerbate symptoms like weight gain, acne, and excessive hair growth. Thyroid imbalances, whether hypothyroidism or hyperthyroidism, further complicate menstrual irregularities, causing fatigue, mood swings, and weight changes. Fibroids, non-cancerous growths in the uterus, may lead to heavy bleeding, pelvic pain, and discomfort. As women approach post-menopause, these conditions can influence the severity and duration of menopause symptoms such as hot flashes and mood disturbances. Managing these conditions requires a holistic approach, Ms. Ararti Shitole addressed issues with including medical treatments and lifestyle adjustments to ensure a better quality of life through these transitional phases. The session was very informative and interactive.
