Industrial Visit Report: Aqua Vitoe Laboratories, Baddi, Himachal Pradesh

Date of Visit: 19/03/24

Participants:

- 45 students from Dr. D Y. Patil College of Pharmacy, Akurdi, Pune
- Faculty: Dr. Revan Karodi, Dr. Ashish Kulkarni, Ms. Jyotsana Chopade, Ms. Kalyani Sahare

Introduction:

On 19th March 2024, 45 students along with faculty members from Dr. D Y. Patil College of Pharmacy, Akurdi, Pune, visited Aqua Vitoe Laboratories in Baddi, Himachal Pradesh. Aqua Vitoe Laboratories is a leading healthcare company renowned for its dedication to manufacturing high-quality pharmaceutical products, including dry powder injections of cephalosporin, penicillin, and liquid and lyophilized injections of general products.

Facilities and Infrastructure:

During the visit, students and faculty members were given a comprehensive tour of Aqua Vitoe Laboratories' facilities and infrastructure. The state-of-the-art manufacturing unit showcased modern machinery and adherence to strict quality control measures. The cleanliness and organization of the premises reflected the company's commitment to maintaining high standards.

Product Portfolio:

Aqua Vitoe Laboratories boasts a diverse product portfolio catering to various medical needs. The students gained insights into the manufacturing processes of dry powder injections, including cephalosporin and penicillin, as well as liquid and lyophilized

injections of general products. The visit provided valuable exposure to the pharmaceutical formulations and production techniques employed by the company.

Quality Assurance:

The tour emphasized Aqua Vitoe Laboratories' rigorous quality assurance procedures, ensuring the safety and efficacy of its pharmaceutical products. From raw material sourcing to final packaging, every stage of production undergoes meticulous quality checks, aligning with international standards. Students witnessed firsthand the company's commitment to delivering safe and effective drugs to consumers.

Export Achievements:

Aqua Vitoe Laboratories has made significant strides in the international market, emerging as a major player in the export of injectable pharmaceuticals. The company's focus on innovation and customer service has earned acclaim and recognition in Middle Eastern, Asian, CIS, and African countries. This global recognition highlights Aqua Vitoe Laboratories' commitment to expanding its global footprint while upholding its reputation for quality and excellence.

Conclusion:

The industrial visit to Aqua Vitoe Laboratories provided students with valuable insights into the pharmaceutical manufacturing industry. From witnessing advanced facilities to understanding quality assurance processes and export achievements, the visit offered a holistic understanding of Aqua Vitoe Laboratories' operations. We extend our gratitude to the management and staff for their hospitality and knowledge sharing, which contributed to a memorable and educational experience for the students.

Industrial Visit Report: Cachet Pharmaceutical (Alkem Laboratories), Baddi, Himachal Pradesh

Date of Visit: 19th March 2024

Participants:

- 45 students from [Dr. D Y. Patil College of Pharmacy, Akurdi, Pune]
- Faculty: Dr. Revan Karodi, Dr. Ashish Kulkarni, Ms. Jyotsana Chopade, Ms. Kalyani Sahare

Introduction:

On 19th March 2024, a group of 45 students along with faculty members from Dr. D Y. Patil College of Pharmacy, Akurdi, Pune, had the privilege of visiting Cachet Pharmaceutical (Alkem Laboratories) in Baddi, Himachal Pradesh. Cachet, established in 1978, is one of India's leading pharmaceutical companies engaged in manufacturing and marketing a wide range of pharmaceutical formulations and nutraceuticals for both domestic and international markets.

Overview of Cachet Pharmaceutical:

Cachet Pharmaceutical is ranked 58th in the Indian Pharmaceutical industry, boasting a remarkable growth rate of 36% as of July 2016 (IMS data). The company's sales revenue from domestic business amounts to 2955 million, with an additional 186 million from its export business. Cachet offers a diverse product portfolio, including antibiotics, NSAIDs, gastrointestinal, nutritional, anti-osteoporosis, gynae, and other segments, with leading brands such as Traxol, Lysoflam, NE, and many more.

Domestic Formulations Business:

The domestic formulations business of Cachet is organized across four strategic business units (SBUs), each focusing on a mix of specialty segments. The company's domestic spread includes four depots, one central warehouse at Ambala, 25 C&F agents, five consignee agents, and over 3000 stockists. With a total employee strength of 1305, Cachet ensures efficient distribution of its products across the country.

Manufacturing Facility:

Cachet operates a state-of-the-art manufacturing facility in Baddi, Himachal Pradesh, manned by qualified and expert professionals who adhere to national and international regulatory requirements. The facility exemplifies Cachet's commitment to quality and compliance in pharmaceutical manufacturing.

Export Market Presence:

Cachet Pharmaceutical has established itself as a renowned exporter for quality and competitive pricing. Within a short span of its foray into the export market, Cachet has gained a formidable presence across almost 15 countries in Asia, CIS countries, and Africa. Several brands of Cachet have emerged as leaders in India, further enhancing the company's reputation in the global pharmaceutical industry.

Conclusion:

The industrial visit to Cachet Pharmaceutical provided valuable insights into the company's operations, product portfolio, and market presence. Students and faculty members gained firsthand knowledge of Cachet's commitment to quality, innovation, and global expansion. We extend our gratitude to the management and staff of Cachet Pharmaceutical for their hospitality and for sharing their expertise with us.
