Integrated Library Management System (ILMS) E granthalaya

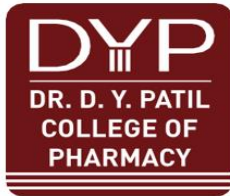

E Granthalaya is used to automate the library.

- E Granthalaya offers the OPAC (Online Public Access Catalogue) feature, which allows users to view bibliographical information about the collections.
- Students can use the OPAC computerised system to verify the books' availability.
- Every time a student returns or issues a book to E Granthalaya, the system retrieves the bar code number and uses the barcode system to systematically enter the book into the computer.
